

Dear Parents,

We know that as a parent, nothing matters more than your child's future. Every opportunity you choose for them is a decision of both the heart and the head. At Park View International Academy, we understand this responsibility — and that is why we have created the Elite Football Experience.

This two-week programme is more than just football. It is a safe, structured, and fully supervised environment where your child will:

- **Train daily with UEFA-licensed coaches.**
- **Compete against academy teams from UK professional clubs.**
- **Receive personal performance data, analysis, and highlight video footage.**
- **Experience UK culture with stadium tours and educational visits.**
- **Live, eat, and train like a professional footballer in a supportive environment.**

We also know how important it is for parents to see real value in an experience like this. That's why we've designed the programme not only as a developmental journey but also as a genuine pathway. Two standout players (one male and one female) will be awarded a six-month scholarship at Park View International Academy — a life-changing opportunity to continue their football and educational development here in the UK. At £3,000, this programme is an investment in your child's growth — not just as a footballer, but as a young adult gaining independence, discipline, and global perspective. They will return home not only with professional football footage and reports but also with memories, friendships, and skills that last a lifetime.

We are committed to providing a safe, inspiring, and truly elite environment. You can feel confident that your child will be supported every step of the way — both on and off the pitch.

Thank you for trusting us with your child's dream. Together, we can give them the platform to take their next step in football and in life.

Warm regards,

John Young
International Academy Director
