

INTERNATIONAL
FOOTBALL ACADEMY

Dear Parents,

We know that as a parent, nothing matters more than your child's future. Every The opportunity you choose for them is a decision of both the heart and the head at Park View Academy of Sport International Academy.

Our programme is more than just football. It is a safe, structured, and fully supervised environment where your child will:

- **Train daily with UEFA-licensed coaches.**
- **Receive personal performance data, analysis, and highlight video footage.**
- **Experience UK culture with stadium tours and educational visits.**
- **Live, eat, and train like a professional footballer in a supportive environment.**

We also understand the importance of parents seeing real value in an experience like this. That's why we've designed the programme not only as a developmental journey but also as a genuine pathway to future opportunities here at the Academy. They will return home not only with professional football footage and reports but also with memories, friendships, and skills that last a lifetime.

We are committed to providing a safe and inspiring environment. You can feel confident that your child will be supported every step of the way — both on and off the pitch.

Thank you for trusting us, and together, we can give them the platform to take their next step in football and in life.

Warm regards,

John Young
International Academy Director
